WASHINGTON STATE UNIVERSITY

ENERGY STAR® New Construction Multifamily Training – November 8-10, 2021

To be able to certify buildings over three stories ENERGY STAR® Multifamily training is required. WSU Energy Program will be offering online training through GoToWebinar® which will cover advanced efficiency improvement techniques and materials at the highly competitive price of \$400, November 8th through 10th, 8:00 a.m. to 4:00 p.m. 2021 Pacific Time. Day three will be a half day for the proctored exam.

Benefits for Raters

- This training is required to obtain ENERGY STAR® certification for units in larger multifamily buildings.
- Qualifies for 18 RESNET®-approved Professional Development Credits [CEUs] upon successful completion. Active raters must acquire 18 credits every three years to maintain RESNET® rater certification.
